## OPSC House Soccer Coaching Curriculum

The Orchard Park Soccer Club (OPSC) has partnered with GPS-NY to provide coaching curriculums and support to our House Soccer coaches and players. The curriculum is designed to assist the coaches with a series of structured eight week practice sessions to ensure our players are receiving consistent training and development.

The coaching curriculums are posted to our website so everyone can see what is expected for each week's session. Our hope is that this will provide everyone who has a desire to coach their child in our House program with the tools to confidently teach soccer to our young players.

The coaching curriculums are posted to our website by age group at:

## The Orchard Park Soccer Club Field Prep Day

A big thank you to Mike Wicher for all his hard work in preparing for, organizing, and coordinating our field prep day under difficult weather circumstances! Thank you also to all the incredible soccer club parents and players who came out and helped us make great progress in getting the fields ready to play. Without everyone pitching in we never could have had the fields ready to go for the beginning of the House and Travel soccer seasons. Pizza, prizes and good weather helped to make the day a lot of fun!
